

Editorial Calender

International Journal of Patterns (IJOP) Editorial Calendar

The IJOP is quarterly. Issues are planned ahead of time (three – nine months). This calendar is subject to change anytime and it will be updated periodically. If we get more papers, we will work on more issues per year (6 or 8 issues per year). Please submit your paper at <http://ijop.org/paper/index.html>

Editorial Focus	Editorial Status	Issue Date
Software Patterns: Addressing the Challenges “Special Issue of a few Workshops at COMPSAC 2007”	General Section: Traditional Analysis Patterns	October 01, 2007
Patterns x	General Section: Traditional Design Patterns	January 01, 2008
Workshop on Software Patterns and Quality (SPAQu'07) Nagoya, Japan, December 3, 2007	General Section: Traditional Design Patterns	April 01, 2008
collocated with 14th Asia-Pacific Software Engineering Conference (APSEC 2007)	General Section: Traditional Analysis Patterns	July 01, 2008
Analysis Patterns	General Section: Stable Design Patterns	October 01, 2008
Section – Knowledge Map	General Section: Traditional Pattern Languages	January 01, 2009
Planned	General Section: Patterns in Action	April 01, 2009
Pattern Languages	General Section: Systems of Patterns	July 01, 2009
Data Visualization PLs	General Section: Data Mining Knowledge Maps	October 01, 2009
	General Section: Data Visualization KMs	January 01, 2010
